LIFE CHANGING BOOKS TO TRANSFORM YOUR LIFE

The Secret

- Rhonda Byrne

Once known only by an elite who were unwilling to share their knowledge of the power, 'the secret' of obtaining anything you desire is now revealed by prominent physicists, authors and philosophers as being based in the universal Law of Attraction.

And the good news is that anyone can access its power to bring themselves health, wealth and happiness.

Ask And It Is Given

- Esther & Jerry Hicks

This book will help you learn how to manifest your desires so that you're living the joyous and fulfilling life you deserve. As you read, you'll come to understand how your relationships, health issues, finances, career concerns, and more are influenced by the Universal laws that govern your time/space reality - and you'll discover powerful processes that will help you go with the positive flow of life.

Be Unreasonable

- Paul Lemberg

Paul Lemberg shows you how unreasonable strategies can bring you unprecedented success. Being unreasonable is about assessing the situation and leaping into the unknown-not foolishly, but courageously. Only by going against the norm, and perhaps ruffling feathers, can you be competitive, innovative, and successful.

The Culture Code

- Clotilde Rapaille

Rapaille's breakthrough notion is that we acquire a silent system of codes as we grow up within our culture. These codes the Culture Code are what make us American, or German, or French, and they invisibly shape how we behave in our personal lives, even when we are completely unaware of our motives. What's more, we can learn to crack the codes that guide our actions and achieve new understanding of why we do the things we do.

Drive

- Daniel. H. Pink

Forget everything you thought you knew about how to motivate people - at work, at school, at home. It is wrong. As Daniel H. Pink explains in his paradigm-shattering book Drive, the secret to high performance and satisfaction in today's world is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and the world.

If you have a passion for what you want to do and the drive to make it happen, there is a tribe of fellow employees, or customers, or investors, or readers, just waiting for you to connect them with each other and lead them where they want to go.

- Timothy Ferriss
